WELCOME

Welcome to Lantana Services.

My name is Jeanne van der Lingen, and I am the proud owner of Lantana Services.

Our journey began in 2020, during a time when the world faced many challenges. While uncertainty surrounded us, we chose to focus on creating something meaningful: transforming homes, improving properties, and making a positive difference in people's lives.

Since then, every project has been built on hard work, dedication, and teamwork. We are proud to have renovated and improved numerous properties, helping our clients create spaces they can truly be proud of.

At Lantana Services, we believe every property has potential. We enjoy working closely with our clients, offering creative ideas and practical solutions that not only enhance the appearance of their homes and businesses but also increase their long-term value.

Our passion extends beyond renovations. We are committed to building homes, commercial buildings, apartments, and developments from the ground up. Whether it's a small improvement or a large construction project, we approach every job with the same commitment to quality, craftsmanship, and attention to detail.

To us, every project is more than construction—it's an opportunity to create something lasting. Every property is a new canvas, and every completed project is a reflection of the pride we take in our work.

Thank you for considering Lantana Services. We look forward to bringing your vision to life and building something exceptional together.
